How the work runs

1. Discover
We learn your vision, the call to action, and who needs to be in the story.

2. Plan
A real creative brief: story arc, interview plan, and shot list.

3. Produce
We direct, film, and edit, then revise with you.

4. Launch
Final files plus a launch guide with placement, email prompts, and captions.

Our first-campaign fundraising commitment

Every Mission Partnership includes this commitment: if we don't help you raise more than you would without us, we'll keep working with you for free until we do. Before filming we agree on a fundraising baseline, a success threshold, and a review date. Full terms are in our Refunds and Cancellations policy at kolstadmedia.com/refunds.
